

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

BEHIND THE BARS

Senator Cullom Says He Will Punish Harriman for Chicago and Alton Deal.

Washington, March 23.—"I would put Harriman in the penitentiary for the Chicago & Alton deal," Senator Cullom of Illinois said yesterday after a conference with President Roosevelt.

"I told the president this is what I would do with Harriman," he continued, "but I do not care to say whether or not the president agreed with me. But the

people know Theodore Roosevelt very well and they can imagine what he would do to Harriman for the manner in which the railroad magnate treated the stockholders. Harriman milked the road dry and the people who will suffer by this transaction will be those who purchased the bonds. The people at large are not interested in this transaction but those who purchased the bonds are vitally interested. They have been swindled. This is the only word that will describe the high finance methods which marked the Alton deal."

When asked what the state of Illinois would do about the Harriman Chicago & Alton deal, Senator Cullom said: "I do not know. They do not appear to be doing much at present. I believe, though, that I saw something published about the governor of Illinois preparing a bill for the legislature relating to this subject."

COMMITTEE ORGANIZES

By Selecting John F. Lust as Chairman.

PLANS ARE DISCUSSED

Arrangements Made to Present Matter to Council.

If the City Dads are in Favor of Plan Railway Officials will be Asked for a Conference.

At a meeting of the committee appointed to bring the proposition to lower the Erie and Big Four railroad tracks through the city before the council, met last night at the offices of John F. Lust, chairman and M. B. Chase, secretary.

The general plan of the committee was talked over and arrangements were made to be present at the special meeting to be held by the city council Monday night, at which time the entire question will be talked over with the councilmen, who will be asked to take up the matter with the railroad companies at once.

If the council favors the plan of lowering the tracks, as seems quite probable, the railroad officials will probably be asked for a conference sometime in the near future. In all probability, the railroads will endorse the idea and will co-operate in carrying it out.

It is then expected that the big-brother fight will commence. The contest will be between the two factions one of which wants the Big Four and Erie to run through a subway on the present Erie right-of-way, and the other wants the subway to be built along the Big Four railroad and to have the Erie abandon its property.

Lined up for the first proposition are those who own property along the Big Four, and which would receive many benefits from the removal of the tracks to the Erie side. The opening of Mill street from Greenwood to the Union Station would also benefit them very materially.

Another faction believes that the Big Four tracks are the ones that should be lowered and the Erie tracks should be abandoned. It is believed by those interested in this plan that the railroad companies will demand that this be done. If the former plan is adopted a portion of the property along the Erie will have to be purchased to give enough room for the construction of the subway. This, those not in favor of the opening of Mill street claim, will make the improvement too costly.

It is believed that in the event of the lowering of the tracks being decided upon the location of the subway can be amicably settled.
